SINCE 1968

OUTDOOR KITCHENS

REINVENTING YOUR OUTDOOR LIVING

“ At Officine Gullo we manufacture considering much longer timespans than the industrial production in our sector. We create products that can be updated and improved, but never destroyed or forsaken. We work and design for modern living and for the antiques of tomorrow. Every element provides resilience, beauty and prestige derived from the materials used. In every creation, Florentine traditions are blended with meticulous research into function and beauty: we refine the steel structures of our cooking ranges with elements in hand-hammered brass, copper, high-thickness galvanic finishes and engraving, in the same way that artisans in Florence have forged metal for centuries, crafting unique works of art. We are proud to add our name to everything that comes from our workshops, safe in the knowledge that this name will stand the test of time together with our creations.

Carmelo Gullo

”

*C. Gullo*

Officine Gullo transports outdoor all the added values of the company's solutions: high technology, best performance, unmistakable style and maximum customization. Convivial moments and culinary activities in the open air thus become even more pleasant, in an exclusive and sophisticated environment of which the outdoor kitchen is the fulcrum. These settings for conviviality and haute cuisine are designed to become the heart of your home's outdoor space, where you can gather in the morning to have breakfast, prepare a delicious lunch with the finest professional cooking appliances, cool off after a swim with cocktails by the pool, and enjoy a relaxing aperitivo as you wait for guests to savor a gourmet dinner under the stars.

## A TURNKEY SOLUTION

Through a series of combinable independent elements, the Outdoor Kitchen offers infinite customized design solutions.

From the composition of the furniture to the selection of a wide range of the best outdoor appliances, tailor-made solutions can be crafted for the kitchen space, combining the customer's tastes and their culinary habits. The stainless steel can be painted in any color from the RAL range - in addition to custom colors available on request - and enriched with iconic brass finishes. Ultimately, every Outdoor Kitchen can be customized and made unique.

## DESIGNED AND MADE IN FLORENCE

As with all Officine Gullo creations, the Outdoor Kitchen is designed in Florence, a place historically linked to technology, craftsmanship and art.

As with all Officine Gullo creations, the Outdoor Kitchen is designed in Florence, a place historically linked to technology, craftsmanship and art. Heir to the noble tradition of the workshops of nineteenth-century Florentine cooks, the Outdoor Kitchen is made according to the most advanced techniques of working steel and other noble metals, with a sophisticated and elegant aesthetic. The essential becomes art and simplicity is refined.

## DESIGNED TO ENDURE

The Outdoor Kitchen is designed for outdoor living and is characterized by the use of high-quality AISI 316 stainless steel, known for its excellent anti-corrosive qualities.

This material has a low ferrous component and offers unrivaled durability, absolute resistance to corrosion, and an elegant design capable of enhancing any style of furniture. Additionally, stainless steel stands out as an antibacterial material, which makes it ideal for food preparation where hygiene and safety are essential. Unlike other materials, it does not modify the color, flavor or odor of ingredients.

Purity also makes steel one of the most ecological and sustainable materials. 100% recyclable, it guarantees a sustainable economy with an almost eternal life cycle as it can be recycled numerous times without ever losing quality. In the Outdoor Kitchen range by Officine Gullo, the use of this precious material is combined with precision mechanics from which all the experience of the Italian brand emerges in creating cooking and refrigeration systems with high-performance and functional furnishing elements.

## THE SAME COMFORT AND PERFORMANCE AS A PROFESSIONAL INDOOR KITCHEN

The highest technology for professional use is combined with an unmistakable aesthetic, precisely designed to become the fulcrum of the external environment.

The outdoor line offers a series of design solutions equipped with various top appliances, guaranteeing the same functionality and style as Officine Gullo's professional indoor kitchens. The modular appliances can be freely positioned in the kitchen according to the culinary needs of its owner in order to create different cooking areas from the grill to the pizza oven, installing different areas for refrigeration, washing and food preparation.

The cooking area is completed by various modular elements for the outdoors: ice boxes, integrated refrigerators, wine coolers, pizza ovens, warming drawers, ice-makers, beer dispensers, as well as taps, sinks and cooking accessories such as side cookers, grills and maxi burners.

## GULLO PROFESSIONAL GRILL: RESTAURANT IN YOUR GARDEN

Blending a legacy of innovation and craftsmanship through the highest quality cooking systems, Officine Gullo barbecues embrace a new world of culinary possibilities, providing an actual outdoor kitchen in a single suite.

The motor of the Outdoor line is the Gullo Professional Grills. Thanks to an array of sophisticated accessories, the barbecues enable home cooks to experiment up to 15 different cooking methods, from the usual grilling to smoking, steaming and frying. The barbecues come with accessories that comprise specialist cooking zones. A fry top, pasta cooker or wok ring can be inserted after removing the grills.

## OUTDOOR KITCHEN PROJECTS

A collection of professional outdoor home kitchens to transform your outside space into the heart of the home.

## THE LAKE ESCAPE

In a charming waterfront house sited in Colorado, all the amenities of indoor cooking are included outdoors. A complete outdoor kitchen project that perfectly integrates into the overall aesthetic of a residence: a place that inspires calmness and becomes the setting of unforgettable entertaining moments.

**Location:** Colorado, USA.

**Appliances:** Linear kitchen with a built-in OG Professional Grill (mod. OG Professional 42") side burner, dishwasher. In front of the kitchen, the central island with marble top has a double wine cellar, an ice chest and a washing area composed of a built-in steel sink and tap with arc jet in polished chrome finish (mod. COD. ACETAOG02PNS).

**Colours and materials:** Azure Blue (RAL 5009) and Polished Chrome.

## BELMOND CASOLE

Discreet and surprising gorgeous volumes characterize this Officine Gullo outdoor kitchen project set in a splendid private residence in Beverly Hills. The pool area is transformed into an elegant and sophisticated gourmet area. Design meets functionality and aesthetics, giving life to a tailor-made outdoor kitchen of exclusive charm, equipped with every comfort.

**Location:** Beverly Hills, California, USA.

**Appliances:** U-shaped kitchen equipped with a built-in OG Professional Grill (mod. BBQ56T), sear zone, warming drawers, dishwasher, storage compartments, semi-recessed sink and double mixer with arch sprouts (mod. ACETAOG04LCL) in polished chrome finish, counter in satin-brush steel. Steel stools upholstered in leather. A pantry and refrigeration area consisting of wine cellar, storage drawers and shelves completes the kitchen.

**Colours and materials:** Pearl White RAL 1013 and Polished Chrome.

## THE EMERALD KITCHEN

A vibrant and glamorous outdoor kitchen in Dubai located on a large patio just off the beach. Green mint cabinetry adds an unexpected splash of color, and the Calacatta Emerald Marble adds an elegant touch to this beautiful outdoor kitchen space. The space is fully equipped and lit for poolside cooking and dining thanks the lighting on the ceiling, and the cooking and prep spaces. The U- shaped structure creates a well-defined space that's separate from the main house.

**Location:** Dubai, United Arab Emirates.

**Appliances:** Built-in OG Barbecue 140, 2 cooling drawers, under-counter wine cabinet premium series and a built-in dishwasher.

**Colours and materials:** Reseda Green (RAL 6011) and Polished Chrome.

## URBAN OASIS

A penthouse that dominates the city from above, where no one can see you and that enjoys a breathtaking view. A project of an outdoor kitchen designed both to cook on sight with all the comforts, and to surprise guests with the refined play of open and closed spaces.

**Location:** Los Angeles, California, USA.

**Appliances:** Linear kitchen with a built-in OG Professional Grill built-in (mod. BBQ42), side burner, wine cellar, dishwasher, warming drawers. In front of the kitchen, the counter has an ice chest and a washing area composed of a built-in steel sink and tap with arc jet in polished chrome finish (mod. ACETAOG02LCL).

**Colours and materials:** Pearl beige, RAL 1035 and Polished Chrome.
